SUMMARY

Dedicated Robotics and AI student with experience in scientific computing through Google Summer of Code (GSoC), contributing to the stdlib open-source project. Skilled in mathematical computing, algorithm design, and cloud deployment using Amazon EC2. Strong problem-solver committed to building efficient, scalable systems and continuously improving technical expertise.

WORK EXPERIENCE

President,E-Cell Nitte(2025 - Present)

- Led the 2025 finalist Entrepreneurship Cell of NEC organised by IIT Bombay, organizing startup events, pitch competitions, and workshops to promote innovation and entrepreneurial thinking.
- Mentored student founders in idea validation, execution strategy, and early-stage growth.
- Represented the organization at conferences and networking events, building connections with entrepreneurs, investors, and industry professionals.

GSoC Contributor at stdlib (Jun 2025 - Sep 2025)

- Expanded BLAS Level 2 & 3 support in stdlib with JavaScript, C, Fortran, and WebAssembly implementations.
- Implemented LAPACK-dependent routines (e.g., dgetc2, dgbtf2) to strengthen numerical computing capabilities.
- Built performance-optimized linear algebra APIs for high-performance web-based ML and statistical applications.

EDUCATION

B.Tech inRobotics and Artificial Intelligence

2023- Present

NMAM Institute of Technology (NMAMIT), Nitte

CGPA: 8.18 — Present

Pre-University

2021 - 2023

Canara PU College, Kodialbail

Percentage: 86.33%

High School (SSLC)

2012 - 2021

Sri Ramakrishna High School, Bunts Hostel

Percentage: 98.4%

SKILLS

- Programming: JavaScript, Python, C, Fortran, WebAssembly
- Robotics & AI: Robotics Systems, Mathematical Modeling, Performance Optimization
- Leadership & Professional: Technical Leadership, Startup Mentorship, Strategic Execution, Networking, Event & Community Management
